## **How the Silent & Online Mobile Bidding Auction Works**

There is NO cost to your organization. Your organization is GUARANTEED to make money on every item that is bid on. Every bid increases your organizations revenue! If any item does not sell, Long Island Silent Auction takes the item back. Our business is based on complete transparency. We are the ONLY silent auction company that will list exactly what you will receive.

## **Step #1 Choose the Type of Auction that Fits your Organizations Needs**

**Long Island Silent Auction** offers a few different options to maximize your revenue at your next fundraising event.

**In Person Silent Auction** - This type of auction is usually used at a golf outing or gala. **Long Island Silent Auction** will bring a sensational display of unique items for your supporters to bid on.

**Virtual Mobile Bidding Platform** - Using our state-of-the-art mobile bidding platform for virtual events will enable your supporters to bid from anywhere in the world, via smartphone, tablet or a computer. The mobile platform has the same type of functionality as the eBay auction site.

**SOLD! - Live Auctioneer** - Add excitement to your event with a live auction component which will generate more revenue! Let our auctioneer assist in bringing your LIVE auction to the next level.

## **Step #2 What Your Organization Will Receive**

**Long Island Silent Auction** is the only silent auction company that puts YOUR organization in the driver's seat.

**Mobile Bidding Platform & Silent Auction** - Your organization will receive 20% of the opening bid and 80% of all bids above the opening bid.

Example - If an Item opens at \$100 and it sells for \$100 your organization receives \$20 Take the same \$100 item and it receives multiple bids and sells for \$500 your organization receives \$340. If the item does not sell, there is zero cost to your organization.

**Live Auction Items** - Live auction items are slightly different than silent auction items. Your organization receives 30% of the winning bid.

**Items that are Donated to Your Organization** - Whether it's an item for your live or silent auction, 100% of the proceeds go to your organization.

**Give Button (Online Auction)** - This feature allows your supporters to make a straight monetary donation without placing a bid. 100% of the money raised from this feature goes to your organization.

**Your Organization is in the Drivers Seat** - Once we create the auction for mobile bidding, 2 people from your organization administration will have access to the back end of the platform. Backend access will allow your organization to see who signed up, who is bidding, and monitor how much money is being raised in real time. Our platform also gives you the ability for us to upload your email list and send out invitations to bid to all your supporters with a click of a button.

**Our Platform allows supporters the option to off set credit card fees and round up sales to benefit your organization.**

**Payment Platform Powered by Chase Bank - WePay** - WePay is the most secure payment platform offered to organizations. All payment information is encrypted and inaccessible to anyone using this platform. WePay links your organizations bank account to our platform to allow payments directly to your organization. WePay allows your donors to vault their credit card information allowing for seamless and secure checkout. All proceeds from the auction will deposit in your organizations account within 24 - 36 hours. The GIVE button donations should be within 24 hours of the donation.

# Boxes for a Cause!

The EASIEST way for your organization to raise funds!

Long Island Silent Auction has automated and perfected a seamless way for your donors to participate in a fun event and win great prizes, all while raising important funds for your organization, big or small.

## What we do:

1. Long Island Silent Auction will create and customize a 100 Box numbered grid on your own fundraising page on our interactive website.
2. We will determine the suggested box price based on the needs of your organization and a choice of unique items from our vast inventory
3. Donors can purchase numbered boxes to win a grand prize directly from our website.
4. Once the boxes are sold, our random number program will pick a winning box. The holder of that box wins the agreed upon prize.
5. Long Island Silent Auction can usually have your fundraising page up and running within 48 hours

## What you have to do:

1. Simply share the link to your fundraiser to your social media, donor email list or any friends/collogues. Anyone can participate, the more people invited the quicker the boxes sell, and a winner picked. You sell the boxes, we send you a check, It **CAN'T** be easier.

## How it benefits your organization:

1. Your organization receives the proceeds after cost of winning item is paid for. Example- 100 boxes at a sell price of \$10 a box equals \$1000 raised. Typically, Long Island Silent Auction will provide an item in the \$350 price range, leaving \$650 in profit to your organization. Box price/winning item can be adjusted either up or down based on your preference.

**Boxes For a Cause** can be used as a stand along fundraiser or as a compliment with your planned in person event.
